Look through the list of qualified voters published on pages four, five and eight in THE STAR this week and see "if your name is written there."

Democrats should become thoroughly familiar with the names of the Democratic presidential electors so as to mark their ballot properly. The Bryan electors are:
H. P. BAILEY,
P. W. BUTLER,
ROBT. E. DAVIS,
GEO. C. MARTIN,
SAMUEL PASCO.

Commit these names to memory so you will not become confused in selecting them from the two dozen or more electors of other parties whose names are on the official ballot.

Educational Ballot at the Polls

The question has arisen whether a voter can make use of a sample or educational ballot, or can take printed lists of candidates, into the election booth at the coming election to facilitate his marking his ballot correctly.

Newspapers sometimes print a list of candidates to be voted on at an election with the names of certain candidates thereon marked in a readily distinguishable manner, and voters in many instances have carried this list with them into the booth when they prepare their ballot.

In one instance, however, in this state, the inspectors recently prevented a man from voting because he had a newspaper containing such a list in his possession.

The original election law, as passed by the legislature of 1895, in section 55 of the election act, provided that the use or furnishing of printed copies of ballots or of any mechanical devices to aid the voter was an offense against the law and punishable by a fine of not exceeding \$100.00, but it appears that in the revision of the statutes this clause was entirely omitted.

One of the leading attorneys of this state, Geo. T. Morgan, Esq., of Pensacola, has given it as his opinion that "as the revised statutes are now the law, there seems to be no penalty for printing or furnishing a copy of the ballots, or no prohibition preventing the voter from carrying such printed copy to the voting booth to aid him in marking his ballot."

The section above referred to reads as follows:

"Any elector who shall, except as herein provided, allow his ballot to be seen by any person, or who shall take or remove, or attempt to take or remove, any ballot from the polling place before the close of the polls, or place any mark upon his ballot by which it may be identified, or take into the election booth any mechanical device, ticket or memorandum, printed or written, other than the official ballot or ticket to enable him to mark said ballot or ticket, or any person who shall interfere with any elector when inside of the polling place, or when marking his ballot, or unduly influence, or attempt to unduly influence any elector in the preparation of his ballot, or any elector who shall remain longer than the specified time allowed by this act in the booth or compartment, after being notified that his time has expired, or who shall endeavor to induce any elector to show how he marks, or has marked, his ballot, or aids, or attempts to aid, any elector by any means of any mechanical device, whatever, in marking his ballot, or shall print or procure to be printed, or have in his possession any copy of any ballot prepared to be voted, shall be guilty of a misdemeanor, and on conviction shall be fined not less than ten nor more than one hundred dollars, or imprisoned not more than three months, and any ballot marked by the elector for identification shall be rejected."

List of Qualified Voters of Brevard Co.

A VILLAGE HOME

Where Pe-ru-na Is Used As An All-Round Reliable Family Medicine.

There Are Thousands of Similar Homes In Which Pe-ru-na Is Being Used With the Same Excellent Results.

Fountainville, Pa., Feb. 16, 1902.

S. B. Hartman, M. D.

Dear Sir: I have been thinking of writing to you for some time to let you know what Peruna did for me.

I am 57 years old. I lost my health about six or seven years ago. I first had dyspepsia and employed different doctors.

Last year I injured one of my kidneys. I had one of the best doctors for that. He put me to bed, not to move for two weeks.

I slowly recovered, but was so weak and prostrated that I could walk but a short distance. In fact I had to keep quiet.

I took several remedies, but obtained no relief. I also had catarrh in some form.

My wife advised me to take Peruna, and it is with pleasure that I can say that by taking one and one-half bottle of your Peruna, it cured me and I feel all right. I send this with many thanks to you, as I enjoy life again.

My wife has also been taking your Peruna for asthma and it helps to relieve her. We keep your Peruna in the house constantly. Again I say I thank you for Peruna.

Sincerely yours,
PHILIP KRATZ.

Fountainville, Pa., Nov. 9, 1903.

Dr. S. B. Hartman.

Dear Sir: I have good health now and your valuable medicine gave me good health. I have had no doctor for some

time, as I do not need any. When I take cold I take Peruna and in a short time I am all right. My wife is subject to asthma. She takes Peruna at that time, and she has had no need for a doctor for some time. With many thanks for your medicine, we remain,

Sincerely yours,
PHILIP KRATZ.

Fountainville, Pa., April 16, 1906.

Dr. S. B. Hartman.

Dear Sir: We have Peruna in the house all the time and when we think we need it, we take it. We are about sixty years old and have not called a doctor to our place for some years.

We go out in all kinds of weather and sometimes when we go on a trip we take Peruna along. A preventive is better than a cure. That has been our experience.

I had poor health some years ago and when I found your medicine I hit the right thing. We both thank you for your good medicine.

Sincerely yours,
PHILIP KRATZ.

Witness to Signatures.

I, John Donnelly, Mayor of Doylestown, Pa., have been acquainted with Mr. Philip Kratz for 25 years. I know him to be an honorable and useful citizen. He, in my presence, signed the above statements concerning Peruna, which I have every reason to believe are true in all particulars.

SIGNED: JOHN DONNELLY, Esq.

The Strongest Fence

Science proves that the strongest fence, because constructed throughout on scientific lines, is the

ELLWOOD FENCE

SIMPLE-SCIENTIFIC-STRONG

The Reasons:

1st—Each horizontal extension of the ELLWOOD is a steel cable, consisting of two heavy wires intertwined.

2d—Each of these cables is tied to each other cable by a continuous heavy wire lapped tightly about every cable—not tied in a crooked "knot" or twist to weaken the strength of the tie wire at the bending point. (Wrap a wire around your finger and the wire is not weakened; tie a wire up in a hard knot and you cannot untie it without breaking, it is so much weakened.)

THAT IS ALL THERE IS TO ELLWOOD FENCE—

Heavy steel cables lapped about and held together by steel wire, forming uniform meshes. Simple, isn't it? No chance for weakness in any part; uniformly strong. The reasons for the superiority of ELLWOOD FENCE are not hard to find. This company owns and operates its own iron mines and furnaces; its own wire mills and six large fence factories—either one of the six being larger than any other fence factory in the world. These facts should be convincing.

For Sale by the East Coast Lumber and Supply Co., Eau Gallie, Fla.

Wanted—Success Magazine requires the services of a man in Titusville to look after expiring subscriptions and to secure new business by means of special methods unusually effective; position permanent; prefer one with experience, but would consider any applicant with good natural qualifications; salary \$1.50 per day, with commission option. Address, with references, R. C. Peacock, Room 102, Success Magazine Bldg., New York.

Wood For Sale

Pine or oak, any length. Also plowing and harrowing. See or address J. W. Jamison, Titusville, Fla.

CASTORIA.

Bears the Signature of *Dr. H. H. H. H.*
